Mr. Speaker, I am proud to celebrate Frank's life and recognize his dedication to our community on the House floor.

Rest in peace, my good friend.

FEDERALLY QUALIFIED HEALTH CENTERS

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, federally qualified health centers are located in neighborhoods, connecting to people where they live and where families today are struggling.

Health centers in my western New York community—Neighborhood Health Center, Community Health Center of Buffalo and Niagara Falls, Jericho Road Health Center, and Evergreen Health Services—are on the front lines in the fight against COVID-19 and the ongoing battle to end health disparities.

This week, I met with several of these health centers, hearing firsthand about the role that telehealth, primary care, outreach, education have in providing better health outcomes.

Today, I am pleased to announce over \$3.5 million in resources to help Federal health centers in western New York continue to battle the pandemic and protect our neighborhoods. This funding, provided through the American Rescue Plan, will help support the health center workforce and deliver testing, treatment, and vaccines to help our communities and keep them safe.

The SPEAKER pro tempore (Mr. AGUILAR). Members are reminded to observe decorum when speaking before the House.

INTELLIGENCE COMMITTEE RESOLUTION

(Mr. MCCARTHY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCCARTHY. Mr. Speaker, I have grave concerns about the current composition of the Intelligence Committee. The Intel Committee handles our Nation's highest secrets. It has access to information that most Members do not see. And unlike standing committees, Members of the majority are appointed by the Speaker only.

That is why Members who are appointed to this important committee must possess the highest level of credibility and character, and it is why no Member should be compromised in any way.

Unfortunately, information that I have seen and that others have seen suggests that not all Members meet this high standard. So earlier this week, I introduced a resolution to re-

store confidence in the Intel Committee's ability to safeguard our Nation's secrets.

Now, I do not take this action lightly or for political reasons. Frankly, I am surprised that it had to come to this. The Speaker and I received the same classified briefing from the FBI. The details were deeply disturbing. Yet, so far, the allegations, which have not been denied, have gone unaddressed.

As the House considers this question, I hope all Members will reflect on the purpose and responsibilities of the select panel. I want all Members to ask this one question:

Should a Member who can't get a security clearance in the private sector sit on the House Intelligence Committee?

Think about that for one moment.

Should a Member who cannot get a security clearance in the private sector sit on the House Intelligence Committee?

The American people deserve to know that their government is not vulnerable.

Mr. Speaker, by adopting my resolution, we will show that we have our priorities straight. I urge my colleagues to support it.

AMERICAN RESCUE PLAN

(Ms. SCANLON asked and was given permission to address the House for 1 minute.)

Ms. SCANLON. Mr. Speaker, this week, I was so proud to welcome President Joe Biden to our district to see firsthand the impact the American Rescue Plan will have on our community and small businesses in Delaware County, Pennsylvania, and to see the enthusiasm with which his visit was welcomed.

Together, we visited Smith Flooring, a successful, minority-owned small business in Chester that provides good union jobs and is an economic driver in an area that has struggled. The President and I spoke with founders Kristin and James Smith about how the COVID pandemic has impacted their business. The struggling economy has meant leaner times, but they are trying to do right by their employees until things get moving again.

The American Rescue Plan has over \$50 billion in aid for small businesses, including over \$7 billion for the Paycheck Protection Program. These funds will help small businesses, like Smith Flooring, keep up their payroll, protect jobs, and keep going until the economy is fully open again.

I wanted President Biden to see up close one of the Delco businesses that is the backbone of our economy. Thank you to Smith Flooring for talking with President Biden and me. And equally important, I wanted to thank Congress and President Biden for bringing renewed help and hope to our community with the American Rescue Plan.

NATIONAL RED CROSS MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize March as National Red Cross Month.

While Red Cross Month has been celebrated since 1943, the Red Cross itself has been making an impact on community health since 1881.

In 1889, Clara Barton led one of the first mobilizations to a national disaster following the Johnstown Flood. This site is in the process of being preserved today and is known as the Clara Barton House.

Perhaps the organization's best-known program, the American Red Cross, established the first nationwide civilian blood donation program in the 1940s.

According to the organization, someone in the United States needs blood every 2 seconds. Less than 38 percent of the U.S. population is eligible to give blood, and only 3 percent of those individuals donate annually. The critical need for blood and the lifesaving potential that comes with a donation cannot be overstated.

The American Red Cross has always been a leader in this effort, and, today, they still provide more than 40 percent of the blood products in the United States.

Mr. Speaker, I would like to encourage all healthy Americans to donate blood and plasma. In the wake of the pandemic, it is needed now more than ever.

IMMIGRATION REFORM

(Ms. PLASKETT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. PLASKETT. Mr. Speaker, this week, House Democrats are building on the progress made under the Biden-Harris administration to reverse the Trump damage and reform our failing system by passing two historic and important bills:

H.R. 6, the American Dream and Promise Act to protect Dreamers, TPS, and DED recipients; and the Farm Workforce Modernization Act to uphold the dignity of workers who feed America.

Americans want solutions on immigration. Voters overwhelmingly support a path to citizenship, reforms to our legal immigration system, smart management of our borders. Just like with the American Rescue Plan, there is strong bipartisan support for immigration reform across the country, just not within this body.

For too long, we have kept our arms closed to people who, under similar circumstances 100 years ago, 30 years ago, would have been given a path to citizenship. But now the doors are closed.

Mr. Speaker, 55,000 Haitians came to this country after the earthquakes.

They are in limbo. Congress must act, and these two overwhelmingly popular, commonsense bills would ensure that immigrants who make America more American can continue to strengthen, enrich, and contribute to our country.

RECOGNIZING REGAN CAPONE

(Mr. VAN DREW asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. VAN DREW. Mr. Speaker, I am here today to recognize an outstanding 10-year-old girl from Sea Isle City in south Jersey.

Regan Capone is already an engaged member of her community and frequently fundraises for local charities. Last year, Regan raised over \$6,000 for the Love of Linda Cancer Benefit Horse Show. Regan is now raising money for her Uncle Mike's Seafood Polar Bear Run/Walk For Autism.

Aside from fundraising, Regan is a competitive equestrian and competes in the English Circuit of South Jersey. She even made it to the regionals this year. Regan is a dedicated individual who impacts the South Jersey community every day with her selflessness and her desire to raise awareness for the causes that are so close to her heart.

Thank you, Regan. You are truly an American hero for all that you do. God bless you and God bless America.

IMMIGRATION DIVERSITY AND UNITY

(Mr. TRONE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TRONE. Mr. Speaker, after spending most of my life in the business world, I have seen firsthand how immigrants bring immense contributions to American business. Whether it is a CEO of a Fortune 500 company or the frontline worker who has kept our workers safe during the COVID-19 pandemic, immigrant workers, entrepreneurs, and leaders drive our economy.

Immigrants bring revolutionary new ideas to our country. Immigrants create jobs. Immigrants inspire innovation that pushes us forward as a country, keeping us on the cutting edge of technology and medical advances.

As the Speaker often says, "diversity is our strength, unity is our power."

Immigrants bring their diverse experiences and ideas to our country, to our economy, and make it better. Our Nation would be foolish to take them for granted.

HONORING GARY TRUITT

(Mr. BAIRD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BAIRD. Mr. Speaker, today, I rise to honor the farm broadcaster, Gary Truitt.

Gary was inducted into the National Association of Farm Broadcasting Hall of Fame for his outstanding work and commitment to delivering informative and insightful news to our Nation's farmers.

I offer my congratulations to Gary for this remarkable achievement and to celebrate his dedicated career. Gary began his farm broadcasting career in 1981, bringing a fresh perspective to the industry. And in only a few years, he began his own news broadcast, which soon dominated Indiana radio.

In 2006, he did it all over again after a corporate sale of his first network, and created Hoosier Ag Today. For more than 33 years, Hoosier farmers have relied on Hoosier Ag Today for the latest news about the condition of the agricultural industry and markets.

Mr. Speaker, it is hard to find someone who puts his whole heart into everything that they do. Gary is one of them. I wish Gary many more years of success.

INTELLIGENCE COMMITTEE ALLEGATIONS

(Mr. NADLER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. NADLER. Mr. Speaker, I have rarely heard such pernicious nonsense as we heard from the minority leader a few minutes ago. He accused Mr. SWALWELL of having a Chinese spy or Chinese agent in his campaign. I understand he has introduced a resolution to remove Mr. SWALWELL from his committee for that purpose.

The fact is we all have hundreds of people in our campaigns—hundreds of people.

Can we vouch for any of them? Do we know everybody's associations? Do we know whether someone in the campaign is a spy or a thief, or whatever? Do we do a police investigation, an FBI investigation of every member of our campaigns?

That is absurd. And I think Mr. MCCARTHY ought to be ashamed because he is an experienced campaigner—he knows this—for raising these spurious allegations.

MOURNING THE PASSING OF LYCURIOUS LOWRY, PAUL BROOKS, SR., AND MR. WYVIS OXENDINE

(Mr. BISHOP of North Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BISHOP of North Carolina. Mr. Speaker, today, I rise to observe the recent, almost simultaneous, passing of three prominent members of the Lumbee Tribe and the citizens of Robeson County, North Carolina: Mr. Lycurous Lowry, Mr. Paul Brooks, Sr., and Mr. Wyvis Oxendine.

These men displayed great fidelity to this important community and our Ninth District of North Carolina throughout their lives.

Mr. Lycurous Lowry dedicated 50 years of his life to Robeson County, serving 41 years as the president of the Robeson County Farm Bureau.

Mr. Paul Brooks, Sr. spent many years as a public servant to Robeson County, including being elected as the fourth chairman of the Lumbee Tribe.

Mr. Wyvis Oxendine leaves behind over 20 years of devotion to his community, which includes stints as a county commissioner, a magistrate, and an educator.

Mr. Speaker, these three men take their leave from us at almost the same time and leave behind an indelible impact on our community. I honor them for all they have done.

RECOGNIZING BRYCE SINCLAIR

(Ms. TENNEY asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TENNEY. Mr. Speaker, I rise today to recognize Bryce Sinclair, a senior at Maine-Endwell High School in New York's 22nd Congressional District. I am honored to announce that Bryce accepted his appointment to join the corps of cadets at the United States Military Academy at West Point, New York.

Bryce was selected among a highly competitive pool of applicants from around the country. Bryce's decision to attend West Point comes as no surprise to those who know him well. He is a young leader with exceptional talent and potential and is already a dedicated member of our community.

I wish to congratulate Bryce on this tremendous honor. I wish him the best as he takes on this venerable challenge to serve our community and our Nation in line with the Army's core values: loyalty, duty, respect, selfless service, honor, and personal courage.

As the mother of a Naval Academy graduate, the service academies hold a special place in my heart, especially the friendly annual rivalry at the Army/Navy game.

Mr. Speaker, we wish Bryce all the best as he moves closer to his next incredible step in joining the corps of cadets. Good luck, Bryce. And go Army and go Navy.

RECOGNIZING THE PELLA HIGH SCHOOL DUTCH BASKETBALL TEAM

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Mr. Speaker, I was going to ask for 1 minute yesterday, given that it was St. Patrick's Day and Pella High School Dutch's
